

## JESSE SHARPE

### KNOWLEDGE INTEGRATOR

I'm Jesse, a fourth year undergraduate student studying Knowledge Integration (KI) at the University of Waterloo with a minor in Management Studies and a soon to be specialization in Collaborative Design (which I played a major role in creating). I work hard at all that I do, and as such, I have remained on the Dean's Honours List since starting university.

My academic interests lie in the realm of design and creativity: design/creative thinking, entrepreneurship, prototyping, project management, collaboration and more. Essentially, I love the process of moving an idea into reality.

I perform as a drummer regularly in front of large groups of people. I was granted the "Most School Spirited" award and I have had the opportunity to travel to Peru, England, Nicaragua, Denmark and Germany. I've also ventured to Vancouver the past two summers to work at the University of British Columbia (UBC).

Passionate about life, along with being a positive person, I am able to find excitement with whatever I am doing. I live by Henry Ford's words, "Whether you think you can, or whether you think you can't, you're right!"

## SOME OF MY EXPERIENCE

**VANCOUVER  
CANADA  
SUMMER  
2012 & 2013**

**SHAD VALLEY | UBC  
PROGRAM ASSISTANT**

Program assistants at Shad Valley aid in running the fully immersive high school enrichment program surrounding entrepreneurship, design, engineering, business and science. We supervised the safety and wellbeing of the students and helped the program make the best Canadian youth even better! Furthermore, we gave two three-hour seminars on topics of our choice.

**WATERLOO  
CANADA  
2012-2013**

**KNOWLEDGE INTEGRATION STUDENT SOCIETY  
DIRECTOR OF KINNOVATIONS**

Kinnovations focuses on building innovative and creative solutions to enrich the quality of education and overall experience for students in Knowledge Integration and the University of Waterloo. As the elected director, with the help of the student committee, I created and implemented the Collaborative Design Specialization within KI. After creating a proposal and working alongside KI professors, the specialization will be fully approved for spring term of 2014.

**INNERKIP  
CANADA  
2008-2009**

**INNERKIP COMMUNITY STORE & LCBO  
STOCKROOM/INVENTORY CLERK**

Effectively managed sorting, storage and accessibility of empty brewery products, store clean up and inventory.

**MANAGUA  
NICARAGUA  
2009**

**MISSIONS TRIP  
VOLUNTEER**

I raised funds to travel to Nicaragua with Innerkip Presbyterian Church's youth group. I worked at a women's shelter, helped dig and pour a foundation for a new community building, helped install basketball nets at a school, and assisted disadvantaged children.

## SOME OF MY EDUCATION

**WATERLOO  
CANADA  
2012-  
PRESENT**

**UNIVERSITY OF WATERLOO  
BACHELOR OF KNOWLEDGE INTEGRATION**

Knowledge Integration is a transdisciplinary program where we learn to solve complex problems and explore the often-overlooked spaces between disciplines. I am also taking a minor in Management Studies and will soon add a specialization in Collaborative Design.
